

## Personalized Student Learning Plans

### Background

- ACHS was chosen to be one of the 16 schools in the State of New Jersey to participate in this pilot program.
- ACHS is the only school that is represented in Union County and we now serve as a mentor for other schools in the State of New Jersey who want to develop Personalized Student Learning Plans for their students.
- **What is the purpose of the PSLP (Personalized Student Learning Plan)?**
- To provide all students with the ability to develop a Personalized Student Learning Plan to include their Personal Development, Academic Development and Career Development. Our students are preparing for both careers and post -secondary education.
- **How will this program be implemented?**
- PSLP will be implemented through the use of the Advisory period and through Language Arts classes where PSLP lessons will be infused into the actual Language Arts curriculum.
- Each student will be able to develop their PSLP through the Kuder online software program.
- The PSLP is an internet based program that will allow all students of ACHS to be able to develop an electronic plan and a hard copy of the plans while preparing for their future.
